

The function of the rock drill shank adapter is to transmit the impact energy and rotational torque from the rock drill piston to the drill rod without loss, and it must be able to withstand high levels of stress.

### **High-Quality Coupling Sleeves and Rock Drill Shank Adapters by beentools**

beentools provides high-quality coupling sleeves and rock drill shank adapters suitable for all common thread types and combinations.

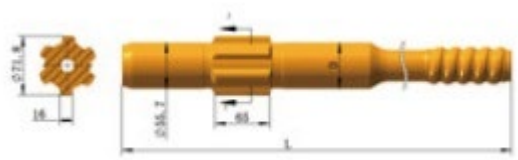

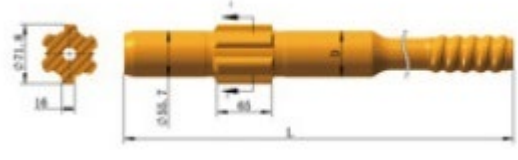

### **Application for soosanstd Rock Drills**

The rock drill shank adapter is suitable for soosanstd rock drills, specifically the Soosan std11T.

### **Technical Information for Rock Drill Shank Adapters**

- **Length:** 620 mm, 650 mm, etc.
- **Diameter:** 56 mm.
- **Connection thread specifications:** R38, T38, T45, and T51.
- **Weight:** 7.4 kg to 8.5 kg.

rock drill shank adapter suitable for soosanstd machine

Soosan std11T	L mm	D mm	Thread	Order number	Weight kg
<p>Soosan std11T</p> 	620	56	T38	B496-5662-5176	7.4
	620	56	T45	B496-5662-5177	8.2
	620	56	T51	B496-5662-5178	8.5
<p>Soosan std11T</p> 	638	56	R38	B468-5663-5156	7.6
	650	56	T38	B468-5665-5176	7.6
